This Vehicle's Glossary

Below are the specific definitions for events that appear in this vehicle's report. More information is available in the full [AutoCheck glossary](#).

| Term | Section Location | Definition |
|--------------------------------|--|--|
| Salvage | Major State Title Brand Check | A salvage vehicle is a vehicle that has been wrecked or damaged beyond repair; declared a total loss by the insurer; or declared a total loss by reason of theft. When an insurance company as a result of a total loss settlement acquires a vehicle, the insurance company must apply for a Salvage Certificate. If the owner retains possession of a salvage vehicle, the owner must obtain a Salvage Certificate before receiving a total loss statement from the insurance company. |
| Recycled | Damage Check | Vehicle was reported as scrapped or major components removed by a recycling facility. |
| Titled to an insurance company | Other Title Brand and Specific Event Check | The vehicle's title has an insurance company as the listed owner. This usually signifies that it is probably an insurance total loss when showing after an accident or collision. Insurance companies label a vehicle a 'total loss' when the cost to repair the vehicle to its pre-damaged state exceeds the cost of the vehicle's worth, or actual cash value. Insurance companies must follow certain state law (defined percentage of damage before it can be deemed a total loss) and they also can set their own standards for totaled vehicles. |
| Loan/Lien | Other Title Brand and Specific Event Check | A loan/lien is the legal right to take and hold or sell the vehicle of a debtor as security or payment for a debt. Normally, a vehicle will have a lien due to a loan or unpaid repair bill against the vehicle. Check with the seller to ensure that the lien has been satisfied. |
| Corrected Title | Other Title Brand and Specific Event Check | The State DMV has issued a corrected title for the vehicle. |
| Government Use | Vehicle Use | The vehicle was used by a government agency. |
